TREATMENT OF TITLE IV FUNDS WHEN A STUDENT WITHDRAWS FROM SCHOOL

The Bursar's Office is required by federal statute to calculate the percentage of earned Title IV Funds received or pending to be received and to return the unearned funds for a student who withdrew, was terminated or failed to return from an approved leave of absence.

Recalculation is based on the percentage of earned aid using the following Federal Return of Title IV funds formula:

Percentage of aid earned = the number of scheduled hours in the payment period completed up to the student's last date of attendance as per the school's attendance records, divided by the total clock hours in the payment period.

If this percentage is greater than 60%, the student earns 100% of the disbursed Title IV funds or aid that could have been disbursed.

If this percentage is less than 60%, then the percentage earned is equal to the calculated value.

Funds are returned to the appropriate federal program based on the percent of unearned aid using the following formula:

Aid to be returned = (100% minus the percent earned) multiplied by the amount of aid disbursed toward institutional charges. If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds and the student may be required to return a portion of the funds. All Title IV funds that the institution must return will be made no later than 45 calendar days after the date the school determines that the student withdrew.

When Title IV funds are returned, the student may owe a balance to the institution.

If a student earned more aid than was disbursed to him/her, the institution must send written notification to the student (or parent for PLUS loan funds) to offer a post-withdrawal disbursement for any amount not credited to the student's account no later than 30 calendar days after the date that the school determines that the student withdrew. The institution is required to make a post-withdrawal disbursement within 120 days of the student's date of determination that they withdrew.

Refunds are allocated in the following order:

- Unsubsidized Federal Stafford Loan
- Subsidized Federal Stafford Loan
- Federal Parent (PLUS) Loan
- Federal Pell Grant
- Federal Supplemental Opportunity Grant
- Other Title IV assistance
- State Tuition Assistance Grants (if applicable)
- Private and institutional aid
- The student

Federal funds may not cover unpaid institutional charges due to John Paolo's Institute when the student withdraws or is terminated.

CAMPUS SECURITY POLICY

The personal safety and security of each student, instructor and staff member is both an individual and community concern. While John Paul's Institute strives to provide a learning environment free of undue risks to persons and property, it is each person's responsibility to pay attention to his or her surroundings, to avoid potentially hazardous situations, and to exercise his or her own best judgment to maintain personal safety and well-being. In addition, each member of the community must call attention to conditions or situations which threaten the safety and security of others by contacting appropriate campus and/or community authorities.

Policies and Procedures

1. Crimes on campus can be reported by completing an Incident Report which is available in the school office. Reports should be submitted to the Director who will review the report, confer with other staff members on responsive actions and when appropriate, information describing the incident or unsafe condition will be posted on a bulletin board dedicated to campus security.
2. All campus facilities are open to members of the campus community, their invited guests and clinical clients. All visitors are required to register with the administrative office. All campus buildings are locked and unlocked at regular, specified times and are not accessible when locked except by authorized persons.

John Paul's Institute has the responsibility, under the Campus Security Act, to advise appropriate authorities of violations of civil or criminal law committed by anyone on campus when a request is made by those authorities for specific information or when there is danger to life and/or property.

5. ***John Paolo's Xtreme Beauty Institute, Goldwell Products Artistry*** subscribes to and conforms to the Drug free Workplace Act and the Drug free Schools and Campuses Act. In accordance with those Acts, notification is sent to all members of the community detailing campus policy about substance abuse. The institute reminds students of their responsibility to know and to obey those federal and state laws and statutes prohibiting the use of illegal drugs. While the Institute is not responsible for the enforcement of federal and state drug laws, those agencies charged with this legal responsibility have the authority to carry out their duties on campus. Individuals who illegally possess, use or supply prohibited drugs within the campus community do so knowing that they risk action by the appropriate civil authorities. School policy specifically states that:

- The manufacture, sale, distribution, possession or use of controlled substances by students or employees is prohibited.
- The Institution is opposed to the illegal or irresponsible use of alcohol and expects its students and employees to obey the School Regulations and the local, state and federal laws concerning the possession, use or distribution of alcoholic substances.

Excuses for absence apply to the student's illness, that of the student's dependent children, or a student caring for a parent or parent of a spouse.

Excuses not turned into the office before the end of the month of the absence will not be accepted at any other time.

* Example: Absence occurred on October 15th - October 19th - excuse turned in November 5th will not be accepted. Excuse turned in October 30th will be accepted.

Leave Of Absence

Students may request a Leave of Absence for medical, military or some unusual circumstance up to one hundred eighty (180) calendar days. Students must fill out a "Leave of Absence Request" in advance and submit for approval from the Director. If a leave of absence is approved, the student must return to school on the scheduled return date or contact the Director to request an extension. In the event that a student does not return on their scheduled return date, the student will be withdrawn. At the Director's discretion, students may be granted multiple leaves of absence as long as the total number of days for all leaves does not exceed 180 days within a 12 month period. **This 12 month period begins on the first day of the student's initial LOA.** Students must demonstrate a reasonable expectation to return to class and may be required to provide documentation.

No monetary charges or accumulated absences may be assessed to the student during a leave of absence. When a student returns from an approved leave of absence, the student shall be placed in the instructional program at the point commensurate with the skill level retained by the student at the time of his/her return in accordance with the following:

For leaves of absence less than 30 calendar days, the school shall assess the student's retention level either through a counseling session with the student or by employing a written or oral evaluation instrument designed to measure a student's level of retention in the instructional program; or

For leaves of absence 30 calendar days or longer, the school shall assess a student's retention level either through a written or oral evaluation instrument designed to measure a student's level of retention in each course in the curriculum. SATISFACTORY ACADEMIC PROGRESS POLICY

GRADING SYSTEM: A=90-100 B=80-89 C=70-79 (PASSING) D=69 or below (FAILING)

The school realizes that all students do not progress at the same rate, however, all students are expected to show a measurable rate of progress and development relative to their individual abilities. The school has therefore adopted the following policy statement to uniformly apply to all students.

The standards set for by the school as minimum requirements for maintaining satisfactory progress are **(1) For all students to maintain a passing grade average of 70% or better in theory and practical work throughout the course. (2) For each student to proceed through the program at a pace leading to completion of the course within the maximum time frame of 150% of the published length of the course. At the time of each Satisfactory Progress Evaluation the student must be maintaining 67% cumulative attendance.**

THE MINIMUM AND MAXIMUM TIME FRAME REFERRED TO APPLIES AS FOLLOWS:

Cosmetology

For example: A full time student (30 hours per week) could complete their program in a minimum timeframe of 34 weeks and a maximum timeframe of 51 weeks. For determining satisfactory academic progress all Cosmetology students are evaluated quarterly. (3/31, 6/30, 9/30, 12/31) This schedule allows for each student to receive at least two formal satisfactory evaluations during their period of enrollment regardless of their enrollment schedule. Additionally, each student's progress is reviewed prior to Title IV fund distributions at 450 and 900 actual hours to determine that they are maintaining satisfactory progress and are therefore eligible for Title IV funds.

Esthetics

For example: A full time student (30 hours per week) could complete their program in a minimum timeframe of 20 weeks and a maximum timeframe of 30 weeks. For determining satisfactory academic progress all Esthetics students are evaluated bi-monthly - (2/28,4/30,6/30,8,31,10/31,12/31). This schedule allows for each student to receive at least two formal satisfactory evaluations during their period of enrollment regardless of their enrollment schedule. Additionally, each student's progress is reviewed prior to Title IV fund distributions at 300 actual hours to determine that they are maintaining satisfactory progress and are therefore eligible for Title IV funds.

Nail Specialty

For example: A full time student (25 hours per week) could complete their program in a minimum timeframe of 10 weeks and a maximum timeframe of 15 weeks. For determining satisfactory academic progress all Nail Specialty students are evaluated monthly – (the last day of each month). This schedule allows for each student to receive at least two formal satisfactory evaluations during their period of enrollment regardless of their enrollment schedule.

An approved leave of absence will extend students contract period and maximum time frame by the same number of days taken in the leave of absence.

If a student is making satisfactory progress at evaluation time, the said student is considered making satisfactory progress until the next evaluation period.

Probation- Academic/Attendance

Students who do not achieve satisfactory progress during an evaluation period in academic and/or attendance will be given an opportunity to appeal the finding. If the student elects to appeal the negative progress determination **and** the Institute determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period **or** the Institute develops an academic plan for the student that, if followed, will ensure that the student will be able to meet satisfactory academic progress standards by a specific point within the maximum timeframe **then** the student will be placed on probation until the next scheduled evaluation period. While on probation the student will be deemed to be making satisfactory progress. At the end of the probationary period if the student still has not regained satisfactory progress, **all financial aid will be terminated** and the student will be **terminated**.

A student who is placed on probation will be counseled concerning his/her need to improve and reminded of the school's policy concerning probation and termination.

Appeal Process

Students may appeal a satisfactory progress determination by filing a written appeal to the Director within 48 hours of the determination. The appeal should include any supporting documentation, reasons why the student may appeal as follows: death of relative, an injury or illness of the student or other allowable special circumstances, the decision should be reversed, and a request for a reevaluation of progress. The Director will consider all appeals within ten (10) business days.

If the appeal is accepted, the student will be placed on probation until the next evaluation period. If the appeal is not accepted the satisfactory progress determination will stand. The students appeal, documentation and appeal determination will all become part of the student's permanent file.

Students Receiving Title IV Funds

Students who are receiving Title IV funds and who have not achieved satisfactory progress at the end of the probationary period in either academic or attendance will not be eligible for Title IV aid. Once federal monies have been terminated the balance of the tuition owed is the responsibility of the student.

Re-Entry

Students who re-enter school will be considered to be maintaining the same level of progress (satisfactory or unsatisfactory) as when the student withdrew, was terminated or returned from an official leave of absence.

When a student returns from a temporary withdrawal or approved leave of absence, the student shall be placed in the instructional program at the point commensurate with the skill level retained by the student at the time of his/her return in accordance with the following:

The school shall assess the student's retention level either through a counseling session with the student or by employing a written or oral evaluation instrument designed to measure a student's level of retention in the instructional program.

The returning student's Enrollment Agreement will reflect the hours to be completed with a pro-rated tuition.

Transfer Students

Transfer hours accepted from another institution are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based upon actual contracted hours at the Institute.

Access to Satisfactory Academic Progress

All students can receive a written determination of their Satisfactory Academic Progress upon request.

Repetitions and non-credit remedial programs do not apply and have no effect upon the satisfactory progress policy.

STUDENT EVALUATIONS

All students do not progress at the same rate. The staff at *John Paolo's Xtreme Beauty Institute, Goldwell Products Artistry*, assesses each student individually and expects that each will show a measurable rate of progress at the end of each level. Students who receive less than a 70% on written tests will receive remedial help and retake the test. The retake score will be the only score recorded

Student evaluation is done on an individual basis daily. Progress records for both written and practical grades are maintained and reported to the student throughout each unit, written reports are provided on a regularly scheduled basis. Failure to maintain a 70% ("C") average or better may result in repeating the unit. A unit may be repeated only once. Students may make up exams and receive additional training in weak areas at no extra charge.

Students will be graded on the following criteria during practical study:

1. Accuracy of Work
2. Following Instructions
3. Speed
4. Correct Use of Implements
5. Correct Use of Supplies
6. Preparation for Class
7. Proper Technique

ACCREDITATION

The school is accredited with the *National Accrediting Commission of Career Arts and Sciences*, (NACCAS), Alexandria, Virginia 22302. Interested students may contact the Commission for information about the school or to comment on school operations, including the effectiveness of the school's dispute resolution procedure.

COMPLAINT PROCEDURES

Internal Complaint Procedure

If a student has a complaint or problem with another student, he/she should advise their Instructor who will talk to the other student. If the situation is not resolved, the student may then make an appointment to meet with the School Director. The Director will meet with each party individually to assess the matter and will then advise both of a plan to resolve the problem. Notes will be taken and a report filed in all parties' permanent files. If this action fails to resolve the problem, an appointment will be made for all relevant parties to meet with the Director and/or Executive Director. The problem must be resolved here. If a student is found responsible, the perpetrator may be placed on Probation and an additional meeting held within thirty (30) days to review the status of the situation. If the problem persists, the troubled student may be dismissed from John Paolo's Xtreme Beauty Institute.

Information for Students Disclosure Pamphlet

Schools are required to give this disclosure pamphlet to individuals interested in enrolling in their school.

What You Should Know about Licensed Private Schools and Registered Business Schools in New York State

What is the purpose of this pamphlet?

All prospective and enrolled students in a non-degree granting proprietary school are required to receive this pamphlet. This pamphlet provides an overview of students' rights with regard to filing a complaint against a school and accessing the tuition reimbursement fund if they are a victim of certain violations by the school.

Trade schools which are licensed by the New York State Education Department and business schools which are registered by this Department are required to meet very specific standards under the Education Law and Commissioner's Regulations. These standards are designed to help insure the educational appropriateness of the programs which schools offer. It is important for you to realize that the New York State Education Department's Bureau of Proprietary School Supervision closely monitors and regulates all non-degree granting proprietary schools. The schools are required to have their teachers meet standards in order to be licensed by the Department. Schools are also required to have their curriculum approved by the New York State Education Department every three years, thereby helping to insure that all curriculum offered in the schools are educationally sound.

In addition, staff members of the Bureau of Proprietary School Supervision are often in the school buildings monitoring the educational programs being offered. The interest of the New York State Education Department is to insure that the educational program being offered meets your needs and that your financial investment is protected.

The New York State Education Department's Bureau of Proprietary School Supervision wishes you success in your continued efforts to obtain the necessary skill training in order to secure meaningful employment. In addition, Bureau staff will continue to work with all the schools to help insure that a quality educational program is provided to you.

Who can file a complaint?

If you are or were a student or an employee of a Licensed Private or Registered Business School in the State of New York and you believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department.

What can a student or employee complain about?

You may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition and other charges, school license or registration, school and student records, and private school agents.

How can a complaint be filed by a student or employee?

You should try to resolve your complaint directly with the school unless you believe that the school would penalize you for your complaint. Use the school's internal grievance procedure or discuss your problems with teachers, department heads, or the school director. We suggest that you do so in writing and that you keep copies of all correspondence to the school. However, the school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any action that you have taken to attempt to resolve your complaint.

The steps you must take to file a complaint with the New York State Education Department are:

1. Write to the New York State Education Department at 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone the Department at (212) 643-4760, requesting an interview for the purpose of filing a written complaint. Bring all relevant documents with you to the interview, including an enrollment agreement, financial aid application, transcripts, etc. An investigator from the Department will meet with you and go through your complaint in detail.

2. If you cannot come for an interview, send a letter or call the office to request a complaint form. You must complete and sign this form and mail it to the office. Please include with it copies of all relevant documents. You should keep the originals. **You must file a complaint within two years after the alleged illegal conduct took place.** The Bureau cannot investigate any complaint made more than two years after the date of the occurrence.

3. The investigator will attempt to resolve the complaint as quickly as possible and may contact you in the future with follow-up questions. You should provide all information requested as quickly as possible; delay may affect the investigation of your complaint. When appropriate, the investigator will try to negotiate with the school informally. If the Department determines that violations of law have been committed and the school fails to take satisfactory and appropriate action then the Department may proceed with formal disciplinary charges.

What is the Tuition Reimbursement Fund?

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending proprietary schools. If a school closes while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the State Education Department at the address included in this pamphlet. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form (a sample of this form should have been provided to you upon enrollment).

What is the tuition refund and cancellation policy?

All schools must have a tuition refund and cancellation policy for each program included in the catalog and in the student enrollment agreement.

Read and understand the school's policy regarding tuition refund and cancellation before you sign the enrollment agreement. If you do not understand it, or are confused by the school's explanation, get help before you sign. You may ask for assistance from the Department at the address included in this pamphlet.

What should students know about "private school agents?"

Private School Agents are employed by schools for the purpose of recruiting or enrolling students in the school; they are not school counselors. Private school agents cannot require a student to pay a placement or referral fee. Each school agent must be licensed by the New York State Education Department, must have an Agent identification card and must be a salaried employee of the school. School agents who cannot show an Agent Identification Card are breaking the law if they try to interest students in enrolling in a particular school or group of schools. The name(s) of the agent(s) who enrolled a student must appear on that student's enrollment agreement. Therefore, you should write down the name of the agent who talked to you. Each student will be required to confirm the name(s) of the agent(s) when signing the enrollment agreement. A full refund shall be made to any student recruited by an unlicensed private school agent or even by a licensed agent if there is evidence that the agent made fraudulent or improper claims. To find out if you are eligible to receive a refund, you must follow the complaint procedures included in this page.

What should students know about "grants and guaranteed student loans"?

A grant is awarded to a student based on income eligibility, and it does not need to be repaid (for example, New York State Tuition Assistance Program (TAP) grants or Pell grants provided by the federal government).

Guaranteed student loans are low interest loans provided under the Federal Guaranteed Student Loan Program. The decision to apply for such a loan is yours--the school cannot require that you apply for a loan. You should understand that if you pay school tuition with money loaned to you from a lender you are responsible for repaying the loan in full, with interest, in accordance with the terms of the loan agreement. A failure to repay the loan can hurt your credit rating and result in legal action against you. Even if you fail to complete your educational program, you are still responsible for repaying all of the money loaned to you.

It is your right to select a lender for a guaranteed student loan. The school cannot require you to apply to a particular lender or lending institution. However, the school can recommend a lender, but if it does, the school must also provide you with a statement about your right and ability to obtain a loan from another lender and the insurance premiums charged on these loans. Read and understand all the information and applications for financial aid grants and loans before signing.

Where can students file a complaint, file a claim to the tuition reimbursement fund, or get additional information?

Contact the New York State Education Department at:

New York State Education Department 116 West 32nd Street, 5th Floor New York, New York 10001 Attention: Bureau of Proprietary School Supervision (212) 643-4760

If a student is in arrears to the school, the student will be referred to the Executive Director, who has the right and ability to suspend or terminate said student.

LEGAL FEES

All legal fees incurred by John Paolo's Xtreme Beauty Institute, Goldwell Products Artistry for the collection of any unpaid debt will be reimbursed to the school by the student. The student understands such liability.

The above listed rules apply to every student in this school. Clinic practice is a privilege and must be earned and not abused. Clinic is an opportunity to learn what you have been taught in the classroom on live models. This instruction is based on the fact that the instructor believes you can handle the work and he/she will help guide you through each step. No student is expected to perform work without correction and guidance. Therefore, the above rules must be observed and anyone not cooperating with these rules will not participate.

John Paolo's Xtreme Beauty Institute, Goldwell Products Artistry, is grateful for every customer that comes in for service. We will maintain a high standard of clinical rules, professionalism and cleanliness in order to satisfy our customers. Remember **our customers are our future** in Cosmetology, Esthetics or Nail Specialty.

Rules of Cleanliness

Stations will be kept clean and neat at all times. Materials are to be set on the station for one customer at a time. All other materials are to be placed in the compartment at the station or in your locker. Valuables, including purses, are to be locked in a locker. **THE SCHOOL WILL NOT BE HELD RESPONSIBLE FOR PROPERTY LEFT UNATTENDED.** Kits will be returned to lockers and should be locked.

It is the responsibility of the student to have their work station clean as well as the compartment under their station.

No smoking, beverages, candy, food, etc., are allowed in the station area for either students, customers or instructors. Chewing gum is not allowed.

Each student should take pride in the school and pick up after themselves in the lunch room, work areas, etc. A clean and neat school will keep our customers coming in. Customers give you the training that is needed for this course.

Dress Code- General Guidelines for Student Dress and Grooming

Appropriate student dress and grooming are important factors in the safe and orderly operation of the school. Each student's appearance should reflect a positive image of the school and contribute to a distraction-free learning environment. All students are required to adhere to the school grooming and dress code. Exceptions will be permitted for bona fide religious reasons.

Specific Guidelines/Restrictions

Pants – must be fitted at the waist or upper hip and must not reveal underclothing. **No denim or sweat pants permitted.**

Shorts and Skirts -must be fitted at the waist or upper hip, must not reveal underclothing, and must be mid-thigh in length or longer. **No Denim skirts or “Spandex” type material permitted.**

Tops, Shirts, Blouses - must not reveal underclothing, midsection, torso, back, chest, breasts or cleavage. Tee shirts must not contain any offensive pictures, symbols or sayings, including but not limited to:

*Demeaning, violent, racial or sexual statements

*Clothing that advertises or promotes tobacco, alcohol or other drugs

No Halter tops or “spaghetti strap” tank tops are permitted.

Shoes -must not detract from or interfere with the learning environment or present a safety or health hazard. Clean tennis shoes or closed-toe shoes are preferred.

No Beach type sandals or flip flops are permitted.

Head Coverings -No type of head covering is to be worn with the exception of those worn for bona fide religious purposes.

Underclothing -Students must wear appropriate underclothing, **pajamas are not permitted.**

Hair/Makeup -Hair must be well groomed, neat and clean at all times. If hair is long, it must be worn up or back from the face (not hanging loose). Make-up can be worn, but not applied at the station.

Uniform Smock-Students must wear their uniform smock or apron **at all times**. A good general policy regarding the dress code is: if there is:

ANY QUESTION about an item being inappropriate, DO NOT WEAR IT.

Dress and Grooming Violations

Students who come to school in violation of the school dress code will have the option of correcting the violation or being sent home for the remainder of the day. Students who are new to the school, or students with extenuating circumstances, will be expected to be in compliance after a reasonable “grace period” to be determined by the Director.

There may be times when students should be dressed more formally. Some instances include: attendance at special events with an external constituent or audience, when an external constituent or audience is scheduled to visit the school.
